

Nevada Ending the Epidemic Workgroup
Monday, August 3rd, 2020 12-1 pm
Meeting Notes

Meeting conducted via zoom

- I. Introductions: There were 20 members of the EHE Workgroup present. Members were from the Nevada Department of Health and Human Services, RW Part A, SNHD, UNLV School of Medicine, AETC, Silver State Equality, Nye County Health District, UNLV, Washoe County Health District, UNR, and community members.
 - Updates:
 - RW Part A- They in the process of recruiting for the RW EHE coordinator
 - RW Part B-Not present
 - SNHD/Fast Track Cities- they are planning the implementation of at-home HIV testing kits that are available to pick up at three locations in Clark County
 - State Prevention Programs- the state will have the location and information on the at-home testing kits listed on their website soon
 - A community member announced a WebEx presentation that will occur on August 11th.
 - SNHPPG- has scheduled a meeting of concurrence for the EHE plan for August 21st they group will vote for concurrence on August 28th.
 - EHE Project Updates
 - Victoria – EHE Clark County Plan has been drafted and will be shared with primary stakeholders (SNHD, RW Part A, Nevada DHHS) this week. After receiving feedback and edits from stakeholders, the plan will be shared with SNHPPG for input from community members and edited for concurrence.
 - UNLV EHE Team
 - Paula Frew’s UNLV EHE team- Showed the EHE workgroup images and messages for the HIV public health marketing campaign. The target populations were MSM, providers, and transgender women. They are still drafting images and messages for the IDU population. The UNLV EHE team took feedback from the group and will edit images and messages and display them at the September meeting.
