

Nevada Ending the Epidemic Workgroup
Monday, February 10, 2020, 12-1pm
Meeting Agenda
Call-in: 1-669-900-6833 Meeting ID: 684 551 843

- I. Introductions-59 workgroup members on call
- II. Updates

Needs assessment update:

We are in the implementation phase of the needs assessment and are very busy hosting focus groups and disseminating surveys. The three surveys are being released one at a time, starting at the end of this month to avoid confusion. The provider survey was released in January, the provider in training survey was released last week, and the community engagement survey is planned to be released at the end of this month. We will send out an email to all EHE workgroup members. To date, the EHE team has conducted six focus groups in Clark County and one primary care provider focus groups. We are happy to report we are engaging our target populations. We have met with IV drug users, MSM, Latinx, those who are struggling with housing, those living with HIV, and have plans to meet with youth.

There are four more focus groups planned in Clark County in February and March. The focus groups in Storey County and Elko County have been scheduled. But, we are working on organizing focus groups in Nye/Esmeralda County, Washoe County, and Carson City.

Let us know if you are interested in hosting a focus group or are interested in disseminating the surveys. We have incentives for focus group participants and clinics/agencies that help with the survey dissemination.

- III. Other announcements:

Next meetings: 12-1 pm via phone:

Call-in: 1-669-900-6833 Meeting ID: 684 551 843

- Monday, February 10
- Monday, March 9
