I. Introductions- 18 Members Present

II. EHE Workgroup Focus Group

The EHE Project Coordinator and AECT Director hosted a focus group with 16 members of the EHE workgroup. Questions around patient barriers, services needed, marketing, and prevention were proposed to the group. The responses from the focus group will be used to inform the Ending the HIV Epidemic Plan for Nevada.

After the focus group, the EHE Project Coordinator updated the group on the survey and focus group participation. There have been seventeen focus groups across six counties in Nevada, with approximately 150 participants. The surveys responses are:

The Community engagement 163 responses

The provider survey 120 responses

The provider in training surveys 127 responses

No other updates were given from the group.

III. Statewide needs assessment update:

- Timeline – We are in the data collection phase until May 29th, 2020.
 - Data analysis will start in May and go until the end of June.
 - Surveys will remain open until the end of May to increase participation.
 - Seventeen focus groups have been completed with 150 participants across six counties.
- Thank you, everyone, for your help in this; we can't do it without you!

IV. No other announcement
