

Nevada Ending the Epidemic Workgroup
Monday, November 9th, 2020 12-1 pm
Meeting Notes

39 members present

Updates and announcements:

- RW Part A- Their Rapid stART Learning Collaborative kicked off on November 2nd and 4th; it was a success. They also offered a candidate a position as their EHE coordinator and are waiting to hear if their candidate accepted the offer.
- RW Part B- no announcements
- SNHD/Fast Track Cities- They are discussing a plan for World AIDS Day and will keep the group posted.
- WCHD- Is implementing off-site testing again. They are unable to test in jails at this time because they are experiencing a COVID-19 outbreak.
- NNHopes- They have HEP-C and HIV testing in their mobile van, which is outside Change Point. They have been piloting this program, and it is going very well.
- State Prevention Programs- They have interviewed for a surveillance position that has been open for a while and are hoping to fill it soon.
- UNLV EHE Team- They have completed their concepts for the NV EHE initiative and will share them with UNR to dispense them to the health districts. The pictures and images are for the community members and providers to promote HIV prevention behaviors and treatment adherence.

EHE Project and HIV Updates:

- André C. Wade and Stephan Page from the HIV Modernization Coalition gave a presentation on what the group has been working on. They also encourage participation from the EHE Workgroup in the HIV Modernization Coalition monthly meetings.
- Victoria updated Nevada's EHE Plan: The EHE team will have a full draft of the Nevada EHE Plan within the next few weeks. It will be shared with the primary stakeholders first to give time for feedback and recommendation to the plan. It will then be shared with the EHE Workgroup for review and feedback and then presented at the December EHE Workgroup meeting.

No other announcements

Next meetings:

- Monday, December 7th, 12-1 pm via phone and Zoom
- Monday, January 4th, 12-1 pm via phone and Zoom
