

Nevada's Ending the Epidemic Workgroup Meeting Notes

Monday, September 13th, 2021, 12–1 PM PT

Updates:

- RW Part A- They have hired their EHE coordinator, Vanessa Cruise. She has been working with them as their Rapid stART coordinator and will now be moving into this new role. They are now hiring for the Rapid stART Coordinator.
- RW Part B- Still down ADAPT coordinator and two other positions. Please reach out to Tory if you have questions.
- SNHD/Fast Track Cities-No Updates
- WCHD- They will start to deliver PrEP out of their sexual health clinics soon. They are submitting the scope of work to their county manager. NNHPPG and SNHPPG have developed new target populations for the HIV Integrated Plan. They are PWH, MSM, IVDU, communities of color, people who are sexually active, and young adults 13-34.
- CCHHS-No updates
- State prevention programs- The new epi profile report will not be released for another few months. They will let the group know when it will be published.
- PACE-No updates. Emails will be sent out to share with the group.
- Clinic-NNHOPES are still operating the STI, PrEP Clinic, doing COVID screening and piloting Cabenuva injection treatment for HIV. Irene will be leaving her position, and she will be working more as a community advocate in her new role.
- Others- Southern Nevada Health Consortium will be hosting their 10th annual Latinx AIDS awareness event in October. Applications will be coming out today for vendors. They will have several educational presentations, HIV & STI testing will be available.

Presentation- Diagnosis Pillar: At Home HIV Testing Programs.

At this meeting, Cheryl Radeloft with the Southern Nevada Health District presented on the Collect2Protect program, and Jen Hecht with the Building Healthy Online Communities presented on the TakeMeHome program.
