## NMAP Program Dispensing Polices

- Drugs marked with “^” require a prior authorization for specific diagnosis or circumstance. Magellan Rx Management will request additional information (member and drug specific) before considering the authorization. Please call 1-888-475-3219 or check website for diagnosis or specific PA form at <https://nmap.magellanrx.com/provider/forms>.
- Drugs marked with “●” are to be dispensed with a minimum 28-day supply.
- Refills may be obtained after 80 percent of the previously dispensed days’ supply is dispensed; however, there is an annual maximum of 13 fills per prescription or 390 days’ supply per prescription.
- Only one lost prescription override will be granted per calendar year.
- NV MAP mandates the use of generic products whenever possible in accordance with applicable law or regulations.
- Dispensing a brand name product when a generic is available requires a DAW 1 code (prescriber mandated).
- All Antiretroviral combinations are screened against the most recent DHHS guidelines for the use antiretroviral therapy in adolescents and adults <https://clinicalinfo.hiv.gov/en/guidelines/hiv-clinical-guidelines-adult-and-adolescent-arv/whats-new-guidelines> for high dosage and non-recommended combinations. Regimens not conforming to these guidelines may be rejected at adjudication.
- Medications not listed on the current Nevada Medication Assistance Program formulary are not covered.

**PLEASE NOTE:** There may be some SPECIFIC DOSE FORMS of products on this formulary that may NOT BE COVERED. You can verify drug coverage by dialing the toll-free Magellan Rx at 1-888-475-3219 or accessing the drug lookup tool at <https://nmap.magellanrx.com/provider/drug-lookup>.
